

Course description

G3903e

ACS580-01/-04 hardware features, advantages and benefits, Internet course

Course type

Internet course

Course Duration

The course duration is approximately 15 minutes.

Course Goal

The goal of this course is for you to familiarize yourself with the hardware features, advantages and benefits of the ACS580-01/-04.

Student Profile

This course is intended for sales engineers, product managers, installation and commissioning personnel, application engineers, ABB authorized value providers, ABB repair workshop personnel, and anyone who wants to learn about the customer benefits of the ACS580-01/04 hardware.

Prerequisites

- G391e – General purpose drives ACS580 series offering, Internet course
- Recommended: G374e – All-compatible panel fundamentals, Internet course
- An Internet connection. The recommended browser is Microsoft Internet Explorer.

Notes

If you have no experience of working with drives, it is highly recommended to take a hands-on course in addition to this course, to be able to utilize the drive to its full potential.

Course Objectives

Upon completion of this course, you will be able to:

- List the dimensions, frame options, hardware options and connectivity options
- Describe the standard delivery
- Describe the main hardware benefits of the all-inside standard drive

Main Topics

- Power and voltage ranges
- Frame sizes
- Built-in features
- Ambient conditions
- Various options

Low voltage drives training
